The Spec-Taker!

Your Complete Dispensing Assistant
for P.O.W. Measurements in a Convenient iPad App

The Perfect Assistant for Dispensing:

- Measurements
- Frame Selection
- Lens Demo
- Augmented Reality

- Allows eye care professional to quickly and easily find all the P.O.W. measurements
- Displays 4 photos at once of patient wearing different eyewear, helping them pick their favorite frame. Photos can also be emailed to the patient
- Augmented Reality shows patient how their vision will improve with different AR coatings and tints, showing the advantages of different products and creating an opportunity to up-sell

Did We Mention the iPad is Included?
